SKU	MODEL	DIMENSIONS (IN)	GLASS THICKNESS (MM)	OPENINGS (MM)	VOLUME (GAL)
UNS45E	45E	L17.71 x D11.02 x H4.53 / 11.02	5	Ø20	3.8
UNS60E	60E	L23.60 x D14.17 x H5.51 / 14.17	6	Ø20	6.8

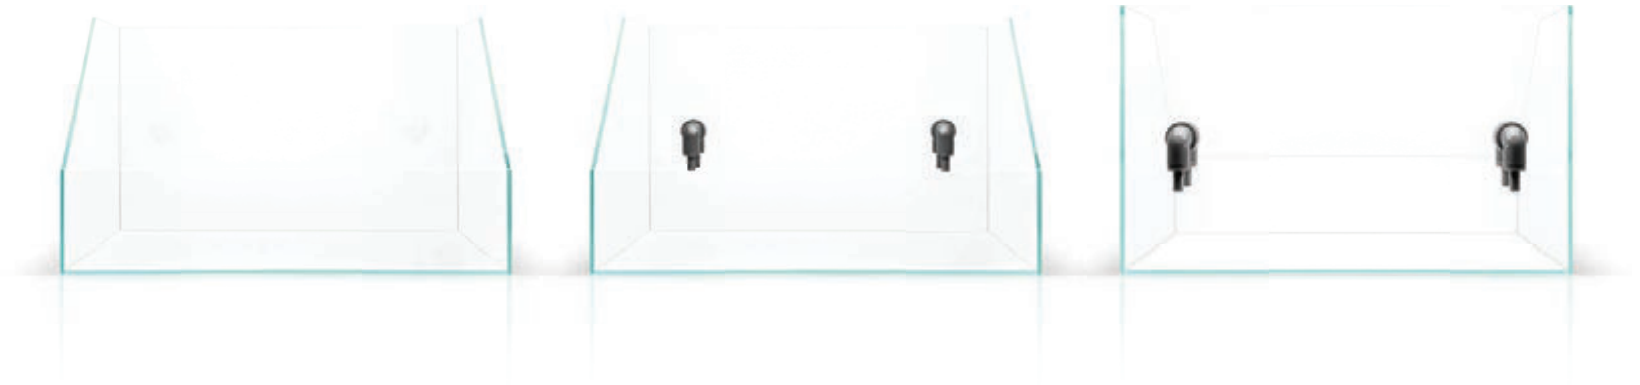

45° mitered edge

Features the same innovative construction as Ultum Nature Systems rimless aquariums, which include seamless glass panels, beveled edges and high-clarity glass.

CUSTOMIZABLE FOR ALL USE TYPES

The E-series Paludarium's optional set of bulkheads and plugs allow for innovative layout design. The Open setting allows the use of additional accessories, while the Flow setting enables the adaptation of in and outflows to filtration and pumps. Finally, the Closed setting provides maximum room for creative layout execution.

OPEN

The pre-drilled 20MM dual openings are located on the back panel and allow room for additional accessories such as the UNS Mist Maker Set.

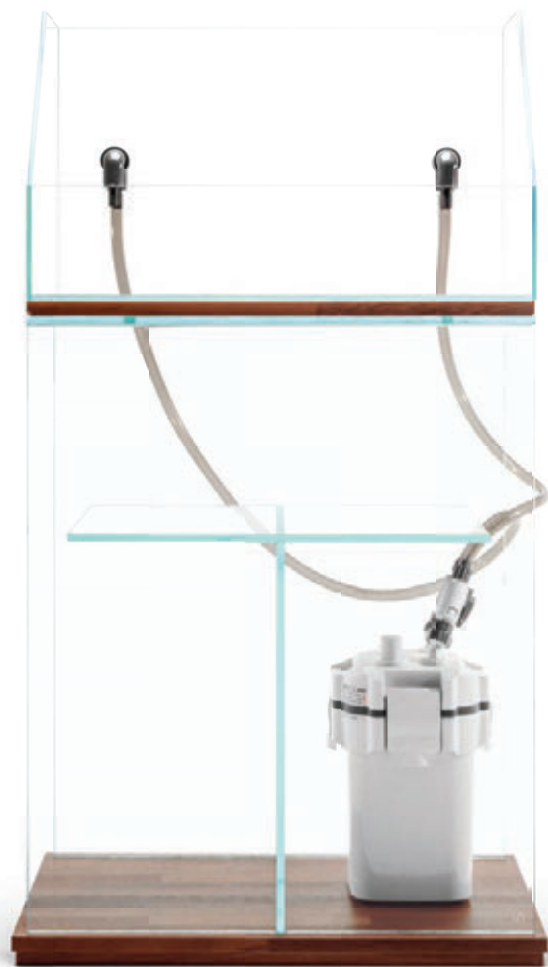

FLOW

An optional pair of slim bulkheads can be installed to customize in and outflow. Best used with UNS Delta Canister Filters.

CLOSED

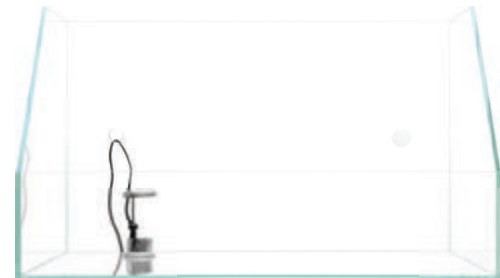

Dual plugs are included to create a complete water-tight seal for a closed paludarium setup.

PALUDARIUM ANATOMY

The E-Series Flow setting is designed to work in conjunction with the Delta 30, 60, and 90 line of canister filters.

Depending on the size of the Paludarium and layout, Delta canister filters come with included in and outflow accessories that can be used. Several configurations showcasing applicable UNS accessories are modeled below.
